

# Learning, Literacy and Play

Talking, reading, singing and playing with your child is important to their development. Simply through playing, your children grow and develop the skills they need. With the help of learning and developmental toys, and of course with you, your children can develop their reading skills, improve hand-eye coordination and explore their imaginations, all while playing and having fun!

## *Interactive Sensory Blanket*

Compusult's Interactive Sensory Blanket is a multi-textured blanket. It's great for babies because it offers stimulation with both touch and sound. The blanket also comes with a booklet containing popular lullabies and suggested games for you to play with your baby.

### **Interactive Sensory Blanket Features:**

- A built-in teether to soothe sore gums.
- Many colors and textures for sight and touch.
- A crinkle section for both sound and touch.
- Song lyrics for lullaby sessions with your baby.

## *Animal Puppet Wash Mitts*

Bath time is often the perfect opportunity to play with your child and lets you help them learn new and exciting things. The Animal Puppet Wash Mitts are ideal for imaginary play and are available in polar bear and puffin styles.

### **Puppet Wash Mitt Features:**

- Made of cotton terry; soft for washing your child.
- Has a small loop for hanging to dry.
- Our selection of mitts currently includes the puffin and the polar bear.
- Information on using the bath mitt during play and interaction with your child.

# Creative Learning for Kids

## *Portable Literacy Game*

Playing games with your child can spark their creativity and improve their reading and communication skills. The Portable Literacy Game is a keychain holding various games to play with your child, which can be easily used before bed, on rainy days or on game night. The next time you take a road trip, instead of your child playing a video game or watching a movie, use the Literacy Game. This will make the drive go just a little faster and help your children develop their reading and analytical skills while having fun.

### **Portable Literacy Game Features:**

- Five different game themes (Any Time, Any Place, Trivia, Conversation Starters, Table for Fun, Road Trip).
- 146 games in total to play with your child.
- All games are on washable card stock attached to a key chain; easy to take with you wherever you go.
- Each game is designed to get your child thinking, talking and playing.

## *Custom Designs and Products*

Compusult also designs and manufactures a wide variety of customized learning, literacy, and play products to meet the specific needs of our customers. Examples of these customized products include 3D library bags, 3D felt puppets, portable card games, and traveling felt boards, as shown in the photos.
